

Meridian Nut Growers Market Update

1/4/2011

Pistachio market is very quiet due to the holidays. Expect activity to pickup in about 7-10 days as holidays come to an end.

Prices remain at or near levels seen prior to Christmas.

Almond market remains quiet, though we are seeing some solid interest coming from Europe for Jan/Feb Shipments. Expect the December shipments to be solid and market to stay stable.

Walnut market is quiet. Prices are steady.

Raisins – Market remains firm.

Dried Cranberries – Following the heavy buying season, market has softened.

Prunes – Market continues to firm
